

*Delivering mining solutions to the World*

**Getman Corporation is pleased to announce a partnership with Berenger in Morocco, as well as Grupo Tecun in the regions of Guatemala, Nicaragua, Panama, and Honduras to provide sales and support services for Getman Products. This addition to Getman’s global network of distribution partners ensures Moroccan, Guatemalan, Nicaraguan, Panamanian, and Honduran users of Getman products receive elite levels of local service and support.**

---

“We are pleased to begin working with Berenger in Morocco and Grupo Tecun in the regions of Guatemala, Nicaragua, Panama, and Honduras,” says Erik VanAllen, President and CEO of Getman Corporation. “We continue to seek out the best service and support providers in every market we serve. In Morocco that means Berenger as the local dealer for Sandvik Mining and Rock Technology, as well as Getman Corporation. Berenger can offer their customers the combination of Getman and Sandvik support, on top of providing their own leading local support.”

### ***Getman Corporation***

*Getman Corporation, based in Bangor, MI, USA, is a leading supplier of production and production support equipment to the underground mining industry. With a focus on helping miners work safely and efficiently in their everyday roles, Getman has spent over 60 years bringing high-quality, long-lasting solutions to underground mines. Getman's product range includes scissor lifts, explosive chargers, logistic support vehicles, lubrication trucks, multi-application pallet handlers and custom design support vehicles. Over the years Getman has delivered thousands of products to hundreds of underground mines throughout the world.*
